EDUCATION

Study Program
BS in Software engineering.

Very Good. GPA: 3.2

Courses

- INTRODUCTION TO PROGRAMMING.(A+)
- STRUCTURES AND ALGORITHMS. (A+)
- BUSINESS DATA COMMUNICATION AND COMPUTER NETWORKS. (A)
- SOFTWARE ENGINEERING LAB2. (A)COMMUNICATION SKILLS. (A)
- FUNDAMENTALS OF SOFTWARE ENGINEERING.(A)

- INTRODUCTION TO OBJECT- ORIENTED PROGRAMMING. (A+)
- JAVA PROGRAMMING. (A)
- SOFTWARE ENGINEERING LAB1.(A)
- VISUAL PROGRAMMING. (A)
- TOPICS IN SOFTWARE ENGINEERING.(A)

PRACTICAL TRAINING

Trainee at Atypon
.

08/2019 - 01/2019

Topics

- Advanced Servlets and JSPs course.
- Advanced Java training course (OOP, DB, Streams and Sockets).
- Devops(Docker,shell-script,)

Neogenesis technical solutions
.

07/2018 - 10/2018

TECHNOLOGY SUMMARY

- Programming Languages: C#, C++, JAVASCript ,JAVA,Python,Django,Flutter,Node js,mongoDB,wordpress
- Markup language:HTML5/XML,PHP,CSS4.
- Operating Systems: Windows, Linux .
- Java Frameworks: JSF, Java collections ,glassfish
- Platform used: VS ,intellij ,Netbean , Android Studio,rational rose ,Eclipse, Oracle Database.

PERSONAL PROJECTS

Mapreduce (12/2019 - 01/2020)
- Processing technique and a program model for distributed computing based on java.

Information retrieval system (10/2016 - 12/2016)
- Which uses the vector space model to solve information retrieval problems . Ahmad Bashar ,Ibrahim AL-GHRAIYBAH

Robots Pharmacists (10/2017 - 01/2018)
- Replacing Pharmacists with robots for better productivity .Ibrahim

QUALIFICATIONS

-Ability to write clean &efficient code.

-Understanding of solid principles.

-Good communication and inter personal skills.

-In depth knowledge of object-oriented programming, developing, testing and debugging code, designing interfaces.

-A creative approach to problem solving.

-Quickly learn and master new technologies.

LANGUAGES

Arabic
Native or Bilingual Proficiency

English
Professional Working Proficiency

INTERESTS

Web development. JS,JSP,JSF,Spring Framework ,MVC.

System development life cycle.
